

EL-NH00-..A

Product data sheet

Blade fuse, 25 A - 160 A

Characteristics

| Main                      |            |
|---------------------------|------------|
| Range of product          | EL-NH00    |
| Product or component type | Fuse       |
| Fuse type                 | Blade type |
| Device application        | Protection |
| Fuse curve                | gG/gL      |
| Fuse size                 | 00C        |

Complementary

|                                |                 |
|--------------------------------|-----------------|
| [Ue] rated operational voltage | 500 V AC-120 kA |
| [In] rated current             | 25 A - 160 A    |

Environment

|                                       |            |
|---------------------------------------|------------|
| Standards                             | IEC269     |
| Product certifications                | CE         |
| Ambient air temperature for operation | -5...40 °C |
| Operating altitude                    | = 2000 m   |

Packing Units

|                              |     |
|------------------------------|-----|
| Unit Type of Package 1       | PCE |
| Number of Units in Package 1 | 5   |
